March 2013

MEET YOUR OFFICERS/DIRECTORS

THIS IS A NEW ADDITION TO THE STATIC DESIGNED TO LEARN MORE ABOUT THOSE CLUB MEMBERS WHO HAVE GIVEN THE EXTRA EFFORT TO MAKE YOUR CLUB RUN

Jim Gould, KF7X, is a member of the Board of Directors. Jim was first licensed in 1987 and has held the previous calls of N6RBQ and AA6RS. He was an electrical contractor with several cold war assignments before retiring in 1989. He built a home in Lake Havasu City in 1992 and then "got the heck out of

California". He currently runs a Kenwood TS430S into a 123 foot long wire for 75/80 and an inverted vee for 10 through 40 meters. Jim operates on the VHF/UHF bands through various verticals and beams. He also maintains a 220 repeater with a converted GE Master II into a Diamond vertical.

Linda Martin Hunt (W7LAM, ex-KE6ONB). Linda is our Club's Webmaster. She was first licensed in 1995 and is married to Bruce Hunt (N6BRH). She likes to look over his shoulder as he makes DX contacts. Linda holds an MBA from the University of California. Previously she was an IT Analyst at the Toyota Technical Center in Torrance, CA. She is a Professor of Computer Science at Palo Verde College in Blyth, CA.

If you haven't done so lately, take a look at the new and improved webpage that Linda has been working on. Go to <www.lbara.net>.....the Editor

LBARA MEETING SCHEDULE

MONTH	BOARD	REGULAR
CANCELLED	NOTE: BOARD	CANCELLED
APR	MEETINGS WILL NOW	4/18
MAY	TAKE PLACE ONE	5/16
SEPT	HOUR PRIOR TO THE	9/19
OCT	REGULAR MEETING	10/17

New Repeater In The Lake Havasu City Area

The San Bernardino County Sheriff's Department Colorado River Station (CRS) installed a 2 meter repeater at the station's Havasu Landing Resident Post at Havasu Landing.

The repeater frequency is 147.030 output, 147.630 input, PL 156.7, callsign N6CRS. The repeater is 50 watts output.

The repeater is part of the CRS Emergency Communications system to provide communications to public safety agencies in an event of an emergency or disaster. Eventually, the repeater will be linked to the other CRS 2 meter repeater in Needles.

The repeater is open and any licensed amateur is welcome to use it.

System	Location	Freq	Offset	PL
MCARS	Bullhead City	145.27	-	131.8
	Kingman	146.76	-	131.8
	Kingman	448.25	-	131.8

BARN	Lake Havasu City	447.54	-	136.5
	Las Vegas, NV	449.95		136.5
	Onyx(Palm Springs)	449.34	-	136.5
	Orange County, CA	447.54	-	100

MEET YOUR NEW LHC ARES EC

Tom Hutter, KF7YQT (vanity pending). Tom is the Lake Havasu City EC for ARES. He was first licensed in 2012 and currently holds a General License. He was born in NYC and raised in Suffolk County, Long Island. He entered the Fire Department in 1968 before he was drafted into the U.S. Army Signal Corp as a Radio Communications Team Chief. He returned to the Fire Department as an Engine Company Lieutenant before becoming the first Para Medic in Suffolk County. He moved to Lake Havasu in 1979 to work for the LHFD as the first medic in the City. Subsequently he became a Fire Inspector/ Arson Investigator until his retirement in 2010 after 42 years in the Fire Service. He currently runs a ICOM 756III into an A4, dipole and sloper. He runs a Kenwood TM-V71A on 2M/440. Tom has one son and two sweet grandchildren...plus a Labradoodle named Shadow.

ADAGES FROM JOHN ADKINS

(In honor of my friend..... Editor)

- I changed my i-Pod name to Titanic. It's syncing now.
- When chemists die....they barium.
- Jokes about German sausage are the wurst.
- A soldier who survived mustard gas and pepper spray is now a seasoned veteran.
- I know a guy who's addicted to brake fluid. He says he can stop any time.
- How does Moses make his tea? Hebrews it.

GOLDEN YEARS

1962: Long hair

1962: Seeds and stems

2013: Longing for hair

2013: Roughage

2013: Acid reflux

2013: Receiving a new hip joint

1962: Moving to California because it,s cool

1962: Rolling Stones

2013: Moving to Arizona because it's warm

2013: Kidney stones

April 5 & 6, 2013 Blythe, CA
!! AMATEUR RADIO VOLUNTEERS NEEDED !!
Communications Job Description

Provide communications service and support while testing your abilities to provide successful communications over greater distances and in unusual operating environments.

What you deliver: Communications for the entire rally by providing a safe operating environment for our volunteers, public and competitors.

The radio communicator will serve 4 basic functions:

1. Providing safety and logistics information for rally officials.
2. Reporting the locations of all cars on the stages.
3. Reporting to the Stage Captain the status of all vehicles passing your location.
4. Assistance in the direction of emergency vehicles to the site of an emergency.

How you deliver: By setting up at your designated location, establishing communications with your other team mates and securing you location so that unauthorized vehicular traffic is not allowed on the Stage during the Rally. Be able to report unsafe conditions or emergencies immediately. If so directed, be able to stop rally traffic by displaying the appropriate sign to competitors. In case of an emergency, maintain the security of your location and provide reports and updates on activity in your vicinity and follow directions of the Rally Organizers as needed.

Requirements:

- Be a licensed Amateur Radio Operator (ham)
- Must have a radio capable of operating within the Communications Plan (2M) for the event.
- Be prepared to adapt to changing communications and operational needs.

For additional information contact Barry Colston at KG6NWJ@ARRL.NET or sign up for Desert Storm 2013 at www.rallydata.com and register as a HAM volunteer or get additional information and review past event information.

Thank you for your efforts in providing emergency communications in unlikely locations!

NATIONAL WEATHER SERVICE

TRAINS NEW WEATHER SPOTTERS

The National Weather Service of Las Vegas presented a training session for weather spotters at the February Club meeting. Andy Gorelow of the NWS in Las Vegas presented a very interesting and informative presentation to over 30 members and guests. Those who were not already certified weather spotters completed their training and received their certificates helping to keep the NSW informed on weather conditions in the Lake Havasu area.

SATURDAY MORNING'S BREAKFAST

You're all invited to join LBARA members for a great breakfast each and every Saturday morning at Rusty's Resturant located at the southwest corner of Lake Havasu Ave and Kiowa Blvd. Breakfast is served at 6 a.m. (or earlier if you want a good seat!) Most important, the food is great!!!!

Upcoming Activities and Hamfests

May 4th - Cochise ARA Hamfest, Sierra Vista <<http://www.mcedg.net>>

June 1st - White Mountain Hamfest, Kachina ARC, Show Low, AZ

July 19-21 - Williams Hamfest, Williams, AZ (see flyer on page 5 in this issue)

Are you looking to upgrade your license?

Give our VE Exam Team a call.

See Ed Gillespie, AB7EM at #453.7412

FOR SALE

I'm getting rid of some excess equipment and have decided to sell my beloved YAESU 1000MP transceiver. This unit is in excellent condition and will give you 100 watts on the 10-160 bands. It only has the stock filters but has the 70 mhz IF mod. The rig has dual receivers...a great plus when working DX splits. You can learn more about this rig by going to VA3CR's page at <www.va3cr.net/index.htm>. I'm asking \$900 but for a Club member I will throw in the matching SP-8 speaker (with filters), my Heil headset, and my Heil Goldline microphone w/stand. Jerry France, K7LY

If you have any interest or would like to see the rig in action, email me or give me a call at 855.7941

LBARA OFFICERS AND DIRECTORS

Jerry France (K7LY)	President
Carl Schiller (W7CRL)	Vice-President
Reiner Schick (KD5MBA)	Treasurer
Lyle Ross(W6TPT)	Secretary
Dick Jernigan (W7DXJ)	Director (2 YR)
Al Key(WA6FLL)	Director (2 YR)
Jim Gould(KF7X)	Director (1 YR)
Cliff Baril(W7IRC)	Director (1YR)
Jim Varner(AE6N)	Sgt-at-Arms
Linda-Martin Hunt(W7LAM)	Web Master
Jerry France(K7LY)	Static Editor
Lana Lotspeich(N7WST)	Membership Chair

ATTENTION READERS

Please note that this issue represents a “work-in-progress” and there are a number of changes to be made in subsequent issues. I would greatly appreciate your comments, both good and bad, as well as any suggestions for future issues. This issue also begins our first attempt to deliver the **STATIC** to your doorstep electronically. Please keep me abreast of any email address changes you may have and I promise to have this delivered promptly and accurately. Also, I still have a number of articles awaiting publication and will do so in the future. This is your newsletter, so keep the articles, letters, and pictures coming. I can be reached at home (855.7941) or via email at grf@npgcable.com .

EQUIPMENT FOR SALE

EDITOR'S NOTE: List your items for sale here. Ham radio related only, please. Include a picture if you like (please use a jpg format). Email all to me at grf@npgcable.com) along with your name and phone number.
